STRUCTURED WORKPLACE LEARNING PROGRAM

WHAT IS STRUCTURED WORKPLACE LEARNING

Nowadays, most schools include opportunities for students to undertake a vocational education and training (VET) program, as part of their Victorian Certificate of Education (VCE) or Victorian Certificate of Applied Learning (VCAL). This includes School-based Apprenticeships and Traineeships. VET programs are designed by industry and provide a clear line of sight to the knowledge and skills required in the workplace.

A key component of VET programs is structured workplace learning (SWL), on-the-job training during which a school student is expected to master a set of skills or competencies related to their VET program. Host employers supervise and instruct the students as they practice and extend the industry skills they have learned in their VET programs.

STRUCTURED WORKPLACE LEARNING OBJECTIVES
